MODERN DESIGNED FULL-MOTION TV MOUNT

Supports 32"-70" TVs

DESCRIPTION

With practical detailed features, the target of LPA76-443 Full Motion TV Mount is to help you stand out in the middle market. Essential adjustment including $+5^\circ$ ~ -10° tilt, $+90^\circ$ ~ -90° swivel and $+3^\circ$ ~ -3° screen level is smoother and stable than before. Perfect counterbalance provides a great user experience more than expected. 56~511mm (2.2"~20.1") profile ensures a better positioning experience. New gray covers even add a dash of freshness while serving as cable management. It's time to get it and win more market share!
